

CareSearch nurses [HUB]

www.caresearch.com.au

REASONS WHY YOU SHOULD VISIT THE CARESEARCH NURSES [HUB]

The Hub has palliative care information written specifically for nurses. The materials are useful for all nurses in any care setting, not just palliative care nurses.

> The Hub is easy to navigate, and quickly lets you find what you need.

> It can be accessed at any time, day or night.

> Links are provided to quality websites and documents.

> You can print off pages to use during in-service activities, to put in the tearoom for everyone to read, or to handout at education sessions.

> Good quality information and resources are available to support the nursing care of any patient with palliative care needs.

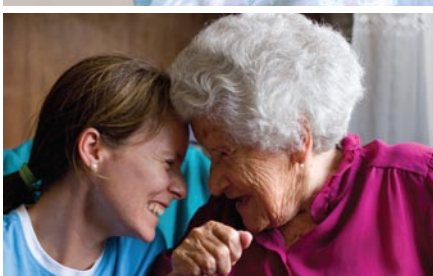

> A Free Full Text article is available on every page to download or read immediately.

> A vast amount of literature, resources and evidence has been referenced including: systematic reviews, key policy documents, patient handouts, project summaries and clinical guidelines.

> A monthly newsletter will keep you up to date on new content and what's happening in the community.

> All pages have been written by nurses and reviewed by nurses. Reviewers are clinicians, academics, and researchers working in palliative care.

> The Hub is free to use and available now at www.caresearch.com.au
