

Quality Use of CareSearch Resource Pack

Various resources were developed as part of this project including a set of materials for use by inhouse educators or community presenters. Materials have been distributed to many different groups and services throughout Australia.

The Quality Use of CareSearch Resource Pack is available and includes a Promotional CD containing all Powerpoint presentations and supporting Fact sheets. The Pack also includes Printed copies of the Training and Support Pack and Hospital Liason sheets.

- *Quality Use of CareSearch powerpoints*
These powerpoints are available for order or they can be downloaded from the website. The powerpoints can be used by trainers to help others learn about the resources available on the CareSearch website and how to get the most out of the website.
