Bereavement support groups offered			
Follow-up is available for 100% who have died			
Follow-up contact to address clinical questions initiated by doctors/ RNs within 2-4 weeks of death			
Memorial services conducted for staff and families			
Bereavement support 1:1 for families is available			
Bereavement support 1:1 for professionals is available			
Psychosocial and Emotional Standards			
Referral and support is available 24 hours			
Support available for professional caregivers			
Support groups for patient / families easily accessible			
Virtual support groups available (eg chat groups, telephone conference groups)			
Communications Standards			
Care preference, values, spiritual, emotional, and relationship needs as well as decisions routinely and accurately communicated and honoured			
Communication with doctor during the dying process occurs frequently			
Transfer of care occurs with communication of preferences, values, spiritual / emotional, and relationship needs and patient/ family care decisions			
Standards and expectations about excellent end-of-life care routinely communicated to community			
Communication with community spiritual care providers routine as well as specific			

Professional Experiential Education during Orientation and as Continuing Education

The following issues are addressed in initial and ongoing education and training programs provided to the leadership team, employed staff and visiting doctors.

Item	P=Present; NP=Not present	Rate the degree to which the statement is true of your service 0=Not at all 10=Fully implemented and effective	Rate priority for future action 0=Not at all - no action required 10=Undertake as a matter of urgency	P=Present; NP=Not present	Rate the degree to which the statement is true of your service 0=Not at all 10=Fully implemented and effective	Rate priority for future action 0=Not at all - no action required 10=Undertake as a matter of urgency	P=Present; NP=Not present	Rate the degree to which the statement is true of your service 0=Not at all 10=Fully implemented and effective	Rate priority for future action 0=Not at all - no action required 10=Undertake as a matter of urgency
	<i>Leadership team</i>			<i>Employed staff</i>			<i>Visiting doctors</i>		
Organisation values and strategic objectives									
Ethics - End of life Care									
Practice standards									
Quality improvement standards									
Communication									
Grief and Bereavement									
Patient / Family support									
Professional caregiver / staff support									
Spiritual / religious / cultural standards									
Individual performance expectations									

Item	p=present NP=Not Present	Rate the degree to which the statement is true of your service 0=Not at all 10=Fully implemented	Rate priority for future action 0=Not at all - no action required 10=Undertakes as a matter of urgency
Quality improvement Standards			
Routine feedback from patients, family caregivers and bereaved family, and community partners is obtained			
Quality priorities include response to above			
Significant events are assessed for learning and quality improvement			
"Stories" are shared and used to teach about care and to set standards			
Research to continue developing new ways to improve care is developed or findings are applied to practice change initiatives			
Annual objectives and priorities include focus on end of life care			
Staff Support Standards (This area includes items to aged care staff as professional caregivers and as ill person, caregiver or bereaved family)			
There are systems and policies that support bereavement leave for those the person defines as close or family			
There are systems and policies that allow flexibility in work time during illness, caregiving and bereavement			
Aged care staff are supported in reaching out to fellow aged care staff with practical help			
Allocation of staffing resources provide time for aged care staff to "be with" the patient and family during the process of dying			
Aged care staff are supported to attend memorial / funeral service of residents			

This is the end of the assessment. Thank you for your time.
