

A WEBSITE WITH INFORMATION ON ISSUES AND CHOICES AT THE END OF LIFE

- > Publicly available
- > 24 hours per day
- > Quality assured
- > Free

Online Information - Is there someone in your family who is familiar with computers and the internet? Ask them to look up information and print off pages to show you.

For Patients and Families - There is a section of the website written for those who may be affected by palliative care. It includes information on Advance Directives.

Talk to one of the staff if you have any questions or concerns, or would like further information.
