palliAGED

PALLIATIVE CARE AGED CARE EVIDENCE

palliAGED:
The place to go
for **evidence**, **tools**,
guidance and **practice**
resources about
palliative care for aged
care and for older
Australians

Guidance
DONE DIFFERENTLY

Updating the guidance from the Palliative Approach in Residential Aged Care (APRAC) and Palliative Approach for Aged Care in the Community (COMPAC) Guidelines

Continuously harvesting the literature to ensure guidance currency

Online, so it is there when it is needed

FREE AND EASY TO USE

palliAGED aims
to improve care and
outcomes by highlighting what
RESEARCH EVIDENCE
shows is important and effective

What you
WILL FIND

An Evidence Centre that synthesises high quality studies on the care or service topic

A Practice Centre that shows you what you can do to improve your care

A section for Families so they can understand the changes that are occurring
